

Thomas Henry, PhD

Global Accounts Manager

Certara offers a global network in major pharmaceutical hubs, enabling predictive simulation, data-driven modeling, and tailored AI solutions. With experts across Europe, the Middle East, and Africa, we collaborate across borders to accelerate your programs.

About Thomas Henry, PhD

Thomas Henry, Global Accounts Manager at Certara, brings 25 years' experience in the pharmaceutical industry. His career spans roles in Discovery, Development, Manufacturing, and Market Access. He holds a PhD in Molecular Modeling and a Master's in Biochemistry. A tech enthusiast, Thomas is committed to leveraging simulation to transform the pharmaceutical sector and accelerate medicine delivery to patients.

Location: Paris, France
Language: English, French

My mission

I am committed to enhancing drug development through strategic leadership and innovative solutions. Leveraging Certara's extensive expertise, I aim to integrate insights to transform our customers' drug development approach from initial molecule discovery to successful market launch.

The best part of working with Certara clients

Working at Certara offers so many fulfilling experiences, it is hard to pick just one. No matter which stage of the drug development cycle our clients are at, our efforts can directly impact patient outcomes. Certara plays a pivotal role in developing innovative treatments, which is incredibly motivating and a source of pride for our whole team.

Message for customers

I am dedicated to guiding you through complex regulatory landscapes, expediting drug discovery breakthroughs, and optimizing clinical development processes. Do not hesitate to reach out to thomas.henry@certara.com with any questions.

About Certara

Certara accelerates medicines using proprietary biosimulation software, technology and services to transform traditional drug discovery and development. Its clients include more than 2,400 biopharmaceutical companies, academic institutions and regulatory agencies across 70 countries.
